BEST WISHES...

I am extremely delighted to hear that Library Team of our University, an engaged in providing library services to the users and beyond have taken proactive measures to launch the inaugural edition of the "Library Newsletter." I understand that this is going to be published biannually, and electronically befitting with the digitization movement of our university. Unlike the University Newsletter, this publication will focus primarily on library-related topics. This move towards a "Smart Library" promises to greatly enhance the accessibility of cutting-edge information for our users.

**I extend my best wishes for the
success and longevity of this
initiative.**

PROF. ANAND BHALERAO

Vice Chancellor,
Central University of
Rajasthan

About Library Newsletter

Library has started new service to keep the CURAJ academic community informed regarding the latest activities taking place in the library through e-Newsletter. In this e-Newsletter, Library covers new library activities and useful information related to academic and research activity of CURAJ.

This e-Newsletter is meant for in house circulation only and sent to all the members of CURAJ Library through group mail.

"Everything you need for better future and success has already been written. And guess what? All you have to do is go to the library."

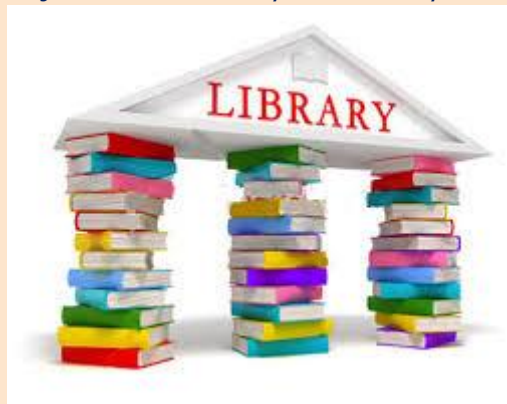

Henri Frederic Amiel

CENTRAL UNIVERSITY OF RAJASTHAN

CURAJ Library at a Glance

The Central Library came into existence in 2009, along with the establishment of the Central University of Rajasthan. Presently the Library is functional in a semi-permanent building with a carpet area of about 1326 sq.

ft. The Library possesses a hybrid collection (print and electronic) of learning resource materials in science, engineering, management, social science, language, humanities, sports science and yoga. The Library acts as the focal point and supports the teaching and learning processes at the University. It serves as a reservoir of knowledge accessible to the University community through high speed intranet and internet connectivity. The Library is fully air-conditioned, Wi-Fi enabled, and has a well-established cyber library with 15 networked PC connected to LAN, which helps users access thousands of electronic resources subscribed through e-ShodhSindhu and internet resources such as NPTEL and e-PG Pathshala etc. The Central Library has a reading hall with a seating capacity

of approx. 500+ students.

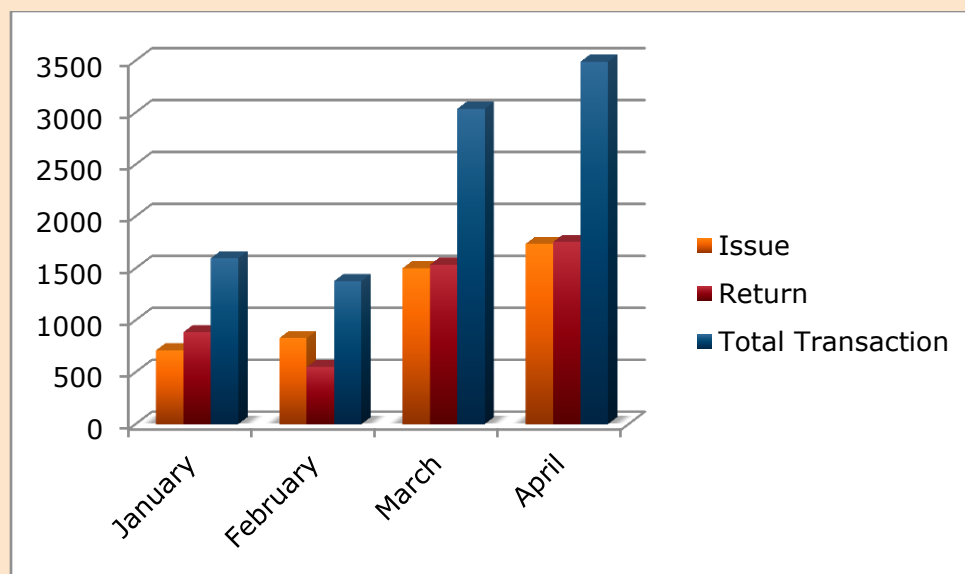

All the Library's routine activities have been automated using KOHA Open sources Library Management Software. Besides, Library implemented RFID technology for detecting theft and enhancing circulation services. The OPAC service is available 24/7 through the CURAJ campus-wide network.

Users' Training

A webinar on "Academic and Research Integrity with AI with Special Reference to TURNITIN" was organized at the Central Library, Central University of Rajasthan, on April 30, 2024, at 4:00 PM. The event aimed to support academic excellence and integrity among the stakeholders of the Central University of Rajasthan (CURAJ) and provide valuable insights for utilizing TURNITIN effectively for the University's research and academic endeavors.

Member Participation: Out of 282 registered participants, 151 attended the webinar via the Zoom app, along with three hosts (including one presenter). The participants included students, research scholars, and faculty from the Central University of Rajasthan.

Exploring the Future of Data with India Data Portal 2.0

EXPLORE & VISUALISE INDIA'S PUBLIC DATASETS
WITH THE BENEFITS OF INTERACTIVITY, ACCESSIBILITY, PERSONALISABILITY AND SECURITY

In the rapidly evolving landscape of academic research and data analysis, the India Data Portal 2.0, an initiative by the Indian School of Business (ISB), stands as a beacon of innovation and accessibility. Designed to revolutionize the way researchers, students, and educators interact with data, the India Data Portal 2.0 is a groundbreaking platform that brings the vast world of open data right to your fingertips.

A Gateway to Comprehensive Data
